

ALL CAVALRY FIGURES ARE SUPPLIED WITHOUT HORSES. Numbers shown after cavalry figures suggest specific horse models for that figure, otherwise any suitable horse model will suffice.

ALL FIGURES are supplied with suitable weapons. Alternatives can be found by referring to the weapon packs shown in this list. STANDARD BEARERS, however, are usually supplied WITHOUT a standard. There is a separate range of standards within the catalogue, or alternatively you may wish to make your own. Some standard bearers have a standard cast to the figure and these are indicated as such within the catalogue.

Prices shown are correct at the time of going to print. The company, however, reserves the right to amend or alter any prices without prior notice.

NOTES RE: CRUSADE MARCH

For more variety within your crusader army use knights and infantry in our Feudal range, together with our artillery and siege equipment FEQ1-7. The Franks, Saracens, Byzantines, Arabs and Dark Ages figures in the Ancient section are also "in period" which makes this huge crusader range a must for the serious wargamer and collector alike.
